From the president City Municipal Council Mysore
MS-17-51/45, d 11-7-45

Recommends bifurcation of the octroi and Revenue Sections of the Mysore City Munc, in the interest of efficiency and prompt despatch of work

1 Under the existing arrangements, the octroi section of the Mysore City Municipal is under the control and supervision of the Revenue Officer of the City Municipality

2 The octroi and Toll Revenue of the Municipality have increased to the extent of 3 or 4 lacks in recent years

3 In the interest of efficiency and prompt despatch of work, the Mysore City Municipal Council have resolved to bifurcate the octroi and Revenue Sections, each dealing direct with the president

4 It is also proposed to amend the Mysore City Municipal Rules and Bye-laws, so as to divest the Revenue Officer of his powers and jurisdiction over the octroi work as shown in the statement accompanying the letter and to make the powers and functions of the 'octroi Officer' practically coextensive with those of the 'Revenue Officer' in matters relating to the ~~key~~ octroi and Toll

5 The above proposals are for orders

6 In Municipal Mly the two sections of the Re

31/7

Section and the other section are quite separate from each other and each is in charge of an officer of Inspector's rank 100 to 150 - 25 - 25

7) In my view, it is proposed to effect a similar arrangement, instead of having both sections under the Revenue Officer, the other Supdt being almost a Subordinate of the Revenue Officer at present

8) The proposal is also based on reasonable grounds in that it would conduce to better administration of both the Offices & expedition disposal of business

9) In the circumstances the receipt of the dated 21.5.1945 to bifurcate the Revenue section Section & to treat them as independent sections may be approved

10) The consequential amendment to the Rules Bye-laws as shown in Flag Z may also be so sanctioned

Submitted for 1/8/45

11) What are the financial implications of the proposal & what is the source pointed out for meeting the Extra Expenditure if any?

Office of the President
City Municipal Council Mysore

Date 10/11 July 1945

From
R Ramachandra Rao Bhombore, Esq B A
President, City Municipal Council,
MYSORE

To
C Narayanaswamy Naidu, Esq , B A ,B L ,
Legal Remembrancer and Secretary to Government,
Law Department, Bangalore.

Sir,

Subject Bifurcation of the Octroi and Revenue Sections of the Mysore City Municipality

I have the honour to state that so far, the Octroi Section was under the control and supervision of the Revenue Officer The Octroi and Toll Revenue have increased to the extent of 38 lakhs in recent years as also the correspondence work and the question of making the Octroi Section independent as in the case of other sections dealing directly with the President was under the consideration of the Municipal Council for sometime past with a view to further the improvement in the working of the section and the prompt despatch of business thereto

In their meeting held on 26th May 1945, the Municipal Council passed a resolution to bifurcate the Octroi and Revenue sections each dealing directly with the President, and the necessary amendments to the Municipal Rules and Byelaws were approved in Council Resolution No 1041 dated 30th June 1945 In enclosing herewith copies of both the Council resolutions, along with the amendments referred to, I request you to be so good as to obtain sanction of Government thereto at an early date The proposed bifurcation of the two sections and investing the Octroi Superintendent with certain powers, I am sure, will conduce to the better administration of both the offices and the expeditious disposal of business, as the Revenue Officer has been saddled with heavy duty and he does not find sufficient time to effectively supervise the Octroi Section leading to consequential delay in the disposal of the business

I have the honour to be,
Sir,
